Joseph McIntyre

Teaching Fellow: **Ashutosh Bhuradia**

In what ways was the teaching fellow most effective? Why?

Hi Ashutosh, just wanted to thank you for being extremely helpful and answering my gazillion questions even though I wasn't part of your TF section. I appreciated you being another Joe and camping in the Gutman Library and allowing me to interrupt your work with my doubts. Thank you for an amazing semester!

Very available to ask questions

Always available to help and took time to explain the concepts in different ways if necessary.

Ashutosh created a lovely, safe and supportive space in our section that I really appreciated :) like how we all watched each other's presentations and commented.

Ashutosh is patient, organized, and clear. He was always available to provide feedback and support. Thank you, Ashutosh!!

Really great section leader
Super kind, patient, and helpful

Ashutosh was always available to help their students regarding S040 or even outside the class material. In my case, Ashutosh was very helpful to provide tips and further information about PhD programs. Thank you!

Extremely approachable, makes time to meet with you, does not make you feel dumb. You will be a great professor!

He took us all on an inclined plane

Ashutosh is very supportive and patient in providing help

You are a great teacher and an even better friend to us.

He was reachable and able to answer questions about feedback

Ashutosh is phenomenal. He explained subject matter clearly and created a psychologically safe space. He was great at breaking down challenging concepts and providing alternative ways to think about the content. 10/10 TF

What recommendations would you make to the teaching fellow to strengthen their teaching and/or make the course more valuable?

Not sure if this is possible, but it would be cool to have weekly "late night" sessions with Ashutosh at Gutman. Don't get me wrong, he is VERY accessible, but sessions with him from like 5 - 10pm would be great.

More in-person contact

Explanations could sometimes be a bit confusing/not as aligned with Joe's material as they could be

None

Make more office hours available

If the room where TF meetings were held would be more big, that would have made it more ideal for learning.

Have more of a structured plan for thursday sections
