Great work Ashutosh!
Always available to meet for office hours!
He was accessible outside of class and gave detailed feedback.
I didn't interact a ton with Ash but appreciated his thoughtful feedback on my paper!
I appreciate him actively listening to my questions and guiding my research to a better path. He provided me with great resources to develop my research paper too.
Ashutosh gave me really helpful feedback on my paper that was useful in how I thought about it moving forward.
I really appreciate the feedback and support through out this course.
Always available for support – incredibly dedicated to the course and the students! Insightful and helpful feedback!

What recommendations would you make to the teaching fellow to strengthen their teaching and/or make the course more valuable?

Comments
No recommendations! Truly couldn't have asked for a better TF.
I'd suggest encouraging him to actively participate in discussions and share insights from their research work. I noticed there were times when he remained quiet. Being more involved in class discussions not only fosters a dynamic learning atmosphere but also allows students to benefit from their unique perspectives and expertise.
